Tolls for Transportation Service on the North Suffield Pipeline

(As approved in RH-002-2020)

Effective January 16, 2026

South Suffield Pipeline Location	Beginning at the A1 Meter Station located at 4-3-19-9W4 and terminating at the Burstall Meter Station located at 7-8-20-29W3.	
Production Receipt Point	Tie in point to North Suffield Pipeline	
Firm Transportation Service		
Firm Contract Demand	Shipper’s subscribed annual volume calculated in GJ per day, shipped rateably.	
Load Factor	Customer must use or otherwise pay for 100% of Firm Contract Demand	
Term	One (1) year	
Tolls for Firm Transportation Service	Term Length (Years)	Toll
	1	\$0.16/GJ

Interruptible Preferred Transportation Service		
Interruptible Preferred Volume Entitlement	In addition to its Firm Contract Demand, a Shipper subscribing for Firm Transportation Service may nominate the following additional volumes for Interruptible Preferred (ITp) Transportation Service:	
	Term Length (Years)	ITp Volume Entitlement
	1	Up to 50% of Firm Contract Demand
Toll for Interruptible Preferred Transportation Service	For one year \$0.03/GJ plus the applicable Toll for Firm Transportation Service.	
Interruptible Transportation Service		
Interruptible Volumes	Any volume of gas delivered by the Shipper onto the Pipeline (i) pursuant to a Transportation Service Agreement for Interruptible Transportation Service, or (ii) in excess of the Shipper’s Firm Contract Demand and Preferred Interruptible Volume Entitlement	
Market-Responsive Toll for Interruptible Transportation Service	The toll for Interruptible Volumes is the market-responsive toll for Interruptible Transportation Service posted Transporter’s website and in effect on the day that the Transporter provides Interruptible Transportation Service to the Shipper. Transporter may from time to time, in its discretion, adjust the Market-Responsive Toll for Interruptible Transportation Service to an amount that may be equal to or less than the Maximum Toll for Interruptible Transportation Service.	
Maximum Toll for Interruptible Transportation Service	\$0.32/GJ	

Communication Methodology	Transporter shall communicate its Market-Responsive Toll for Interruptible Transportation Service to shippers, and any adjustments thereto, by: (a) posting the toll, as adjusted from time to time, on Campus's website at (or at a web link accessible through): https://www.campusenergy.ca/Suffield; and (b) providing email notification to all shippers with a Transportation Service Agreement for Interruptible Transportation Service of any adjustments to the Market-Responsive Toll for Interruptible Transportation Service on the same day that adjusted toll is posted on the Transporter's website.
Effective Date for Adjustments to the Market-Responsive Toll	Any adjustment to the Market-Responsive Toll for Interruptible Transportation Service takes effect the day after the new toll is posted on the Transporter's website and shall continue in force until the day after a newly adjusted toll is next posted on the Transporter's website.
Notice of Toll Changes	
Notice Period	Transporter will provide Shippers with at least three (3) months written notice of any change to: (a) any of Tolls for Firm Transportation Service; or (b) the Maximum Interruptible Toll.
